### 2.2 Basis of Consolidation

The Consolidated Financial Statements relate to the Company and all of its subsidiary companies and the companies controlled, that is, the companies over which the Company exercises control/joint control over ownership and voting power. The Consolidated Financial Statements have been prepared on the following basis:

- a) The Financial statement of the Company and its subsidiary companies are consolidated on a line-by-line basis by adding together the book value of like items of assets, liabilities, income and expenditures after fully eliminating intra-group balances and intra-group transaction resulting in unrealized profits or losses in accordance with the Accounting Standard ("AS") 21 "Consolidated Financial Statements" as referred to in the Companies (Accounting Standards) Rules, 2006.
- b) Investments in subsidiaries are eliminated and there is no differences between the cost of investment over the net assets on the date of investments or on the date of the financial statements immediately preceding the date of investment in subsidiaries.
- d) As far as possible, the Consolidated Financial Statements are prepared using uniform Accounting Policies for like transactions and other events in similar circumstances and are presented in the same manner as the Standalone financial statements of the Company.
- e) The financial statements of the subsidiaries used in the consolidation are drawn up to the same reporting date as that of the Company i.e., 31st March, 2024.

**Use of Estimates** 

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and preparation of the financial statements of assets and liabilities (including contingent liabilities) and the reported income and perpenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and perpenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and perpenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and perpenses during the year. The Management to make estimates and the reported income and perpenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and perpenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and perpenses during the year. ### Note No.

#### 2.4 Classicifation of Expenditure

Except otherwise indicated:

- i) All expenditure are accounted for under the natural heads of account.
- ii) All expenditure are accounted for on accrual basis.

#### **Revenue Recognition** 2.5

- Sales Revenue (i)
- Sales are recognised, net of returns and trade discounts, on transfer of significant risks and rewards of ownership to the buyer, which (a) generally coincides with the delivery of goods to customers. Sales revenue exclude value added tax/ GST
- Service Revenue (ii)
- Service revenue are recognised on accrual basis. (a)
- (iii) Other Income

Interest / commission and misc. income are accounted on accrual basis.

#### **Purchases** 2.6

Purchases are exclusive of value added tax/ GST and returns / rebates/ credit notes are adjusted from the purchases of the year in which the returns take place / rebates and credit notes allowed.

#### **Inventories** 2.7

Inventories are valued as on date of balance sheet at the historic cost value or NRV whichever is lower.

### Property, Plant & Equipment and Intangible assets 2.8

Property, Plant & Equipment and Intangible assets, are carried at cost less accumulated depreciation and impairment losses, if any. subsequent expenditure relating to Property, Plant & Equipment and Intangible assets is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

#### **Depreciation and Amortisation** 2.9

- (i) 'Depreciation has been provided as per schedule II of Companies Act 2013 on the basis of useful life of the assets on the written down value method. Management believe that the useful lives as given in schedule II represent the period over which these assets are
- (ii) Depreciation on additions / deletions to Property, Plant & Equipment is provided on pro-rata basis from the date of additions / deletions.

#### Investments 2 10

Long-term investments are stated at cost of acquisition. Diminution in value of such long term investments is not provided for except where determined to be of permanent nature. Current investments are stated at lower of cost or fair market value.

## 2.11 Employee benefits:

# (a) Short term employee benefits

Employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, bonus and ex-gratia. The undiscounted amount of short-term employee benefits to be paid exchange for employee services are recognized as an expense as the related service is rendered by employees

Director

Notes Annexed to And Forming Part of the Consolidated Financial Statements as at 31.03.2024

### Note No.

### (b) Post-employment benefits

Defined contribution plans:

A defined contribution plan is a post-employment benefit plan under which an entity pays specified contributions to a separate entity and has no obligation to pay any further amounts.

Defined benefit plan:

The Company's gratuity benefit scheme is a defined benefit plan. The Company's net obligation in respect of a defined benefit plan is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value, and the fair value of any plan assets is deducted.

The present value of the obligation under such defined benefit plan is determined based on actuarial valuation using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on Government securities as at the balance sheet

When the calculation results in a benefit to the Company, the recognized asset is limited to the net total of any unrecognized actuarial losses and past service costs and the present value of any future refunds from the plan or reductions in future contributions to the plan.

Actuarial gains and losses are recognized immediately in the statement of profit and loss.

### (c) Long term employment benefits

The Company's net obligation in respect of long-term employment benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods. The obligation is calculated using the projected unit credit method and is discounted to its present value and the fair value of any related assets is deducted. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on Government securities as at the balance sheet date.

### (d) Compensated absences

Employees are allowed leave based on their working days. All kind of leaves fall due within twelve months and thereafter, no balance is allowed to be carried forward. Therefore, no provision is required towards it.

### 2.12 Deposits

Company has not accepted any deposit during the year under review.

### 2.13 Earnings per Share

In accordance with the Accounting Standard-20 (AS-20) "Earning Per Share" issued by The Institute of Chartered Accountants of India, Basic Earning Per Share is computed using the weighted average number of Share outstanding during the period & Diluted Earning per share is computed using the weighted average number of shares outstanding after adjusting the effect of all dilutive potential equity shares that were outstanding during the period.

### 2.14 Deferred Tax Assets / Liabilities

RN 0357451

Deferred tax assets & liabilities are measured using the current tax rate. When there is unabsorbed depreciation or carry forward of losses, deferred tax assets are recognised only to the extent that there is virtual certainly of realisation of deferred tax assets. Other deferred tax assets are recognised to the extent, there is reasonable certainty of realisation of deferred tax assets. Such deferred tax assets & other unrecognised deferred tax assets are re-assessed at each Balance Sheet date and the carrying value of the same are adjusted recognised to the value of each such deferred tax assets.

#### 2.15 Foreign currency transactions

Transactions in foreign currency are recorded at exchange rates prevailing at the date of the transactions. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss of the year.

Monetary assets and liabilities denominated in foreign currencies which are outstanding, as at the reporting period are translated at the closing exchange rates and the resultant exchange differences are recognized in the Statement of Profit and Loss.

Non-monetary assets and liabilities denominated in foreign currencies that are measured in terms of historical cost are translated using the exchange rate at the date of the transaction.

### 2.16 Provisions and Contingencies

In Accordance with the AS-29, Provisions are Liability which can be measured only by using a substantial degree of estimation. Provisions are recognized when the company has a present obligation as a result of past event and it is possible that an outflow of resources will be required to settle the obligation, In respect of which reliable estimate can be made. Contingent Liabilities are not recognized but are disclosed in the notes. Contingent assets are neither recognized nor disclosed in the financial statements. Company doesn't have any contingent liability at the end of current year.

#### Subsidiaries consolidated during the relevant Financial Year(s) 2.17

1. The Group operates in six segments viz., Paper trading, chemical sale, commission sale, metal sale, Logistic sale and service sale. These segments have been identified in line with AS-17 on segment reporting after considering the nature and risk profile of the products and services, the target customer profiles, the organizational structure and the internal reporting system of the company. The company has disclosed the business segment as primary segment. The revenue and other parameters prescribed in AS-17 of foreign subsidiary for the period are within the threshold limits as stipulated under AS-17 and hence the company has only one reportable geographical segment.

2. Segment wise income, expenditure, assets and liabilities which are not directly allocable have been

allocated to the reportable segments based on assumptions as considered appropriate by the management. 3. Previous year's figures have been regrouped/recasted wherever considered necessary to correspond with the current Half year's/Quarter's classification/ presentation.
